1 Online!

1 Listen and sing.

I love our computer, I love our computer,
I use it every day. I use it every night.
I search the internet, I like to watch videos,
For new games to play, And look at websites.
I upload photos, I listen to my music,
And I chat with my friends. Do my homework too.
I sometimes write an email. It helps me ... With everything
Then I click on send. I want to do!

2 Look and ask a friend. How often do you...?

1 look at websites
2 upload photos
3 search the internet
4 send emails
5 chat with friends
6 watch videos
7 listen to music
LESSON 2

Listen and read.

Ben’s at the after-school IT club. He’s chatting online with other students. But who is Friend 17?

Friend 17: Hello Ben.
Ben12: Hi! Who are you?
Friend 17: I’m Friend 17. I’m your invisible friend.
Ben12: My invisible friend? But who are you? Are you Mark?
Friend 17: No, I’m not. Look at Mark, what’s he doing?
Ben12: He’s searching the internet. Are you Kim and Tori?
Friend 17: No, they’re uploading photos.
Ben12: Are you Alan? He’s laughing a lot.
Friend 17: No, Alan isn’t chatting online, he’s watching a funny video.
Ben12: Friend 17, please tell me who you are.
Friend 17: Here’s a clue. I’m sitting behind you and I’m wearing a cap.
Ben12: Anita, it’s you!
Friend 17: That’s right, I’m not invisible now!

Look and read. Which sentence is in the dialogue?

Present Continuous

| | listening to music. | uploading photos. | sending an email. |

Look at Kim’s birthday photos and ask a friend.

It was my birthday yesterday. I’m uploading my birthday photos now.

What are Mark and Ben doing?
They’re playing frisbee.

What’s Kim wearing?
She’s wearing red trousers and a yellow T-shirt.
6 Read and say the names. Find a mistake in each text.

The world is divided into 24 time zones. In each zone, the time is different. When it’s 9 o’clock in the morning in Spain, it’s 2 o’clock in the morning in Mexico and 4 o’clock in the afternoon in Japan.

Here are four children in different cities. Look and read about what they’re doing now.

1 Pam
She’s from New York in the USA. She’s in her IT class and it’s 9 o’clock in the morning there. Her class is doing a project about insects. She’s searching the internet for information about bees.

2 Anton
He’s in the living room in his home in Moscow, Russia. It’s 5 o’clock in the afternoon there. He’s looking at a website about food. He likes cooking and he wants to find a recipe for chocolate cake.

3 Shen
He’s from Beijing in China. It’s 10 o’clock at night and he’s in his bedroom. He’s listening to music and sending an email to his cousin. It’s her birthday tomorrow.

4 Rosa
She’s at the Science Museum in Valencia in Spain. It’s 3 o’clock in the afternoon there. She’s watching a video about dinosaurs. It’s fascinating!

7 Read about Amy and write about you.

My favourite computer activities
1 search the internet
2 listen to music
3 chat online
4 play computer games
5 upload photos

Computers and me
My favourite computer activity is searching the internet. I look at websites about music every day and I find the words of my favourite pop songs. I really like listening to music on the computer too. I usually chat online with friends in the evening and I play computer games once or twice a week. I sometimes upload photos, but I never send emails.

By Amy
Jess and Paddy go to Riverdale School. Today they are working in the computer room. Paddy is a computer expert. He is writing a new computer game. It’s called Alien Alert! Jess is searching the internet.

Paddy and Jess are reading about Chinmaya School in Uttar Pradesh in India. There was an earthquake yesterday.

Jess has got an idea. After school, they visit Paddy’s dad. He works for a big computer company. He likes Jess’s idea.

Jess and Paddy are talking to the students at Chinmaya School. They tell them about the game.

Jess has got an idea. After school, they visit Paddy’s dad. He works for a big computer company. He likes Jess’s idea.

Now when people play the game, they give money to the earthquake fund.
Jess and Paddy are talking to the students at Chinmaya School. They tell them about the game.

Thank you for helping!

Paddy and Jess's class are learning about Chinmaya School. Their school hasn’t got a swimming pool, but students can swim in the river.

The river looks amazing!

One year later, Paddy and Jess are visiting Chinmaya School. Thanks to Paddy’s computer game, the school now has TWO new classrooms!

We don’t play cricket at our school!

A reporter comes to the school. *Alien Alert!* is a big success. The earthquake fund now has lots of money.

People are playing your game all over the world!
LESSON 5

Listen and read.

Listen and answer the questions.

Look, read and say True or False.

1. Our school's got an Art club.
2. Their school starts at 8 o'clock.
3. Their summer holidays are in August.
4. Our school's got a football team.
5. Their school hasn't got an IT club.
6. Our summer holidays are in May.

1. Our school starts at nine o'clock,
   Their school starts at eight.
2. Our school is so far away,
   Sometimes get there late.
3. Their school's got a river,
   Our school's got a pool.
4. At their school they play cricket,
   I think that's really cool!
5. Our school's got computers,
   Their school's got some too.
6. Our school stops at four o'clock,
   Their school stops at two!
Hello, I’m Cora and I’m eleven years old. I’m from Australia and I live with my family on a farm. There isn’t a school near the farm. I stay at home every day and study at an online school!

The internet
Every morning, I go to the school website and have a lesson with my teacher. His name’s Brian and the lesson is 30 minutes long. There are five other children in the class. We can see Brian on our computers and we can talk to him and ask him questions.

Email
I study from 9 o’clock to 3 o’clock every day. Maths and Art are my favourite subjects. I do my schoolwork on the computer and send it to Brian by email. I sometimes send emails to the other children in the class. They’re my friends!

Books and DVDs
We read books and watch DVDs to learn about Maths, Science and the other subjects. Our school has a library with lots of different books. I send the librarian an email and she sends me the books by post. I really like science fiction and detective novels.

School clubs
There are Music, Art and IT clubs at my school. I’m in the Art club. Every week, I paint a picture. I take a photo of the picture, upload the photo and send it to my Art teacher.

Special days
Twice a year, Brian and all the children in my class meet in a big city called Melbourne. At Christmas, we have a big barbecue and a disco. In April, we have a sports day with swimming, athletics and football matches.
Beep, Sally and Finn are in New London in the year 2114. Dr. Kronik is in the square. It’s this way!

I can’t see Dr. Kronik.

Where are we now?

Uh... When are we?

What’s that?

I think it’s a computer.

Can you download a map of the city, Beep?

Beep is downloading a map of the city.

Wow! Look at their robot. It’s really old!

And look at their clothes!

Now Beep has got a map, he can follow the Time Key.

Dr. Kronik is in the square. It’s this way!

What’s wrong with our clothes?

Dr. Kronik is going into the museum.

Oops, sorry!

Quick! He’s escaping!

Look, there he is!

Come on! Let’s run!

To be continued...
